

The directors of OLIVER would like to offer you the following parts. We hope you will accept our offer and get involved in this wonderful production. As you may well imagine, it took us hours of deliberation to come up with this cast of 50 people. We considered many factors. The range of singing voices, age, experience, physical compatibility with others in a group, and ability to project all entered into the decision. It is our goal to make the total show better than the sum of the individual parts. Another old saying is that every part is important. Every part is link in a chain which supports success. If one link breaks the whole production can fail.

There is always the possibility that some changes will still need to be made. There should not be many. Also the groups have individuals who will have some lines. Those actors will be chosen in the course of rehearsal

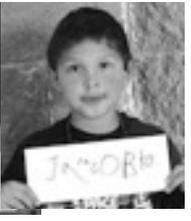

We will have our first cast meeting Tuesday, February 23 at 6:00pm We will pass out the books as well as discuss the procedures we will be following. Parents of young people are encouraged to attend. After the preliminary information we will start singing some of the music from the show. By no later than 7:30 we will excuse Work house kids, Fagan's Gang, and Towns people. The other characters will stay for a complete read through. This night as every night we will finish no later than 9:00pm

The cast:
FAGAN'S GANG

Abigail	Baker
Samuel	Bloodworth
Ben	Frost
Joseph	Manuel
Destiny	Manuel
