# OLT Receives \$15,000 Grant

At the February board meeting Judy Thompson was authorized to contact Representative Nate Bell and apply for a grant to upgrade our bathroom facilities to ADA standards. A \$15,000 request, with the stipulation that approximately \$4000 would be generated locally, was based on some preliminary design work by Scotty Jenkins and John Fagan. Part of the local funding could come from in-kind volunteer work. Other funds will come from the Guild. The leg work done by Judy and the others has come to fruition and we have received a check for \$15,000 from the Western Arkansas Planning & Development, Inc. One of the stipulations is that the work is to be done by December. We, however, we would like it done before the production of "The Foreigner".

Shirley Nunes-Thornton, and Rudi Timmerman met with John Fagan, the plumber. After much discussion of our needs a consensus was reached and the following plan was put forth.

The plan offers several sought after features.

1. Pending final evaluation by the appropriate government authority, it meets, or can be adjusted to meet, ADA requirements
2. Eliminating doors near the auditorium entrance will provide space for people to meet and partake of refreshment without blocking entrance to the bathrooms
3. The hallway will be accessed from the lower lobby and gets bathroom goes out of the concession traffic.
4. The hallway provides entrance from Suite B to the
